BACKGROUND

IT Parks- Kerala consisting of Technopark at Trivandrum, Infopark at Kochi and Cyberpark at Kozhikode are promoted by Government of Kerala for the development of IT infrastructure in the State of Kerala. Technopark was established in 1990 as the first Electronics Technology Park in the Country and has become a model for other Technology Parks established in various parts of India. Technopark's vision is to provide a holistic enabling environment to make knowledge industry intrinsically competitive and world class. Technopark Provides world class, robust and failsafe physical, power and datacom infrastructure, offering a compromise yet low cost enabling environment for IT industry that is leveraged by its occupant companies for a competitive advantage. Technopark has campuses at Phase-I, Phase-II, Phase-III, Technocity and Kollam.

Infopark Kochi is having two campuses Infopark Kochi Phase-I & Phase-II. Phase-I is located in 100.86 acres of land at Kakkanad village, Kanayannur Taluk, Ernakulam district. Around 80 acres has been notified as an IT sector Specific Economic Zone by Ministry of Commerce, Government of India. Apart from Infopark owned infrastructure, parallel developments by co-developers such as Leela Soft, L&T Techpark and Brigade Enterprises are also taking shape in the campus. Thus offering IT companies a choice of office space solutions to fit their requirement and budget. Major Private IT campus by Wipro, TCS and IBS Software are also in progress. When Infopark Kochi Phase-I is fully developed a total super built-up area of 7.00 million sft would be completed. The campus includes amenities such as food courts, banking counters, ATM, shopping arcade, etc.

Infopark Kochi Phase-II is located in Puthencruz, Kunnathunadu villages, in Kunnathunadu Taluk, Ernakulam District with a total extent of 160 acres out of which 125 acres is already

acquired. Infopark Kochi Phase-II is already operational having three IT Buildings owned by IT Gaint M/s Cognizant Technology Solutions, M/s Trans Asia Shipping Services as well as own IT Building by Infoparks Kerala. Major Co-Developers who took land at Phase-II includes M/s UST Global, M/s Claysys, etc..... When Infopark Kochi Phase-II is fully developed a total super built-up area of 8.00 million sft would be completed

Being Infopark Kochi as the hub, spokes include two IT Parks, Infopark Thrissur at Koratty and Infopark Cherthala. Infopark Thrissur is having a total extent of 30 acres in which an IT Building of 3.3 lakhs were already completed by Infopark. The park is operational with around 650 IT Employees. Phase III expansion of Infopark is planned at Infopark Thrisur. Infopark Cherthala is having an extent of around 16 acres of land with an IT Building having 2.4 lakhs sqft completed in all respects with necessary infrastructure. Around 500 IT Employees are working from there.

Cyberparks at Kozhikode, Kasargode and Kannur are the third in the series of successful ventures by Kerala State IT. With the experience and expertise gained in the launch and management of two large IT Parks, Kerala State IT has now launched Kozhikode as the hub, and Kasargode and Kannur, as the spokes in its Hub and Spokes model for development. The 3 Cyberparks are fast-developing to offer tailor-made work spaces, intelligent infrastructure and end-to-end solutions for global IT/ITeS companies.
