Transitioning seamlessly but prudently to the 'old' normal

Greetings from Kerala IT Parks

It has been an eventful month!

The IT Parks of Kerala has started buzzing with energy once again, as techies return back to their office spaces after a long break. Incredible projects are planned and deployed in full swing. The old normal is being embraced; gradually with all necessary precautions.

Meanwhile, in GITEX 2021, Dubai, the Kerala IT delegation under the theme 'Future Perfect, led by Mr. John M Thomas, CEO, Kerala IT Parks was doing a fantastic job. GITEX Global Technology Week is the biggest regional IT exhibition held at Dubai's World Trade Centre where you get to see ambitious tech startups pitch their innovative ideas to an audience of hand-picked international investors. This is where our IT delegates successfully exhibited the immense opportunities that Kerala's IT future holds, to a global audience of eminent tech leaders and investors of top companies.

Well, considering the current trends, the future sure does look bright for Kerala's IT parks!

Miles to go - Infopark Kochi celebrates its 17th year of formation
