i by Infopark: Premium co-working facility

Infopark's premium co-working facility, i by Infopark, is spread across the 3rd to 9th floors of the Ernakulam South Metro Station building. Spanning 48,000 sq. ft. and designed to accommodate 582 workstations, this flexible workspace offers professionals and businesses a modern, well-connected environment to thrive. It is commute-friendly, situated near major public transport access points, directly connected to Ernakulam South Metro Station, and in close proximity to the railway station, waterways, airport, and major bus terminals—encouraging a sustainable work culture with public transport use. The space follows a neurodiversity-friendly approach promoting inclusivity and innovation, making it a welcoming hub for diverse talents. The space features high-speed fiber internet, 100% power backup, 24/7 security, professional reception, pantry, cafeteria, dedicated office pods, collaboration zones, and event spaces. Open to freelancers, gig workers, MNCs, IT/ITES firms, and GCCs, i by Infopark offers flexible leasing terms tailored to business needs while generating employment for over 550 professionals.

Infopark celebrates 79th Independence Day

Infopark celebrated the nation's 79th Independence Day with pride and unity across its three hubs - Kochi, Thrissur, and Cherthala. At Park Centre, Infopark Kochi Phase 1, the national flag was hoisted by Sajith N G, AGM - Administration & HR, in the presence of officials, family members, SISF Kerala Police officers, and support staff. In Thrissur (Koratty), Alwin Babu, Technical Coordinator (Projects), led the flag hoisting attended by employees, support staff, and security personnel. At Infopark Cherthala, Arun Sivan, Manager - Projects, hoisted the flag with participation from staff, security, and IT employees, reflecting a shared spirit of pride across all locations.

CNCF celebrates 10th anniversary

On 2nd August 2025, Kubernetes Kerala hosted a remarkable event at Infopark Thrissur (Koratty) to celebrate a decade of the Cloud Native Computing Foundation (CNCF) and the transformative journey of cloud native technologies. The day was filled with insightful discussions, engaging knowledge-sharing sessions, and meaningful community connections - a true reflection of the dedication and passion of the Kubernetes Kerala community.

Infopark Square shines with energy and vision

Infopark Square (Infopark Kochi Phase 1) came alive this month with a host of vibrant events and celebrations, including Mango Beats - Puthiya Vibe, Progressive Techies' Mass Onam, and Prathidhwani Onaravam. These festivities turned Infopark Square into the perfect place for gathering, connecting, and celebrating. Adding to the excitement, Susanth Kurunthil, CEO, Infopark, announced that new amenities will be constructed in Infopark Square soon. Click the link below and watch the exciting announcement!

Kerala's Tier 2 cities attract global giants for GCCs!

According to a recent NASSCOM report, global corporations are increasingly choosing Kerala's tier 2 cities as prime locations for their Global Capability Centres (GCCs). With Thiruvananthapuram and Kochi emerging among the top GCC hubs, Kerala is fast positioning itself as a preferred destination for global enterprises.

The state's strong infrastructure, skilled talent pool, and thriving IT ecosystem have made it a natural choice for companies setting up their GCCs. Adding momentum to this growth, Kerala is preparing to launch a draft GCC policy this September, further strengthening its appeal as a GCC hub.

The report also features insights from Susanth Kurunthil, CEO of Infopark, who highlights the key factors driving Kerala's tier 2 cities as attractive destinations for GCC investments, paving the way for the state's next phase of IT-led growth.

Infopark, nestled in Kochi, Kerala, is a government-owned IT hub established in 2004. Spanning an impressive 323 acres, it has expanded with additional campuses in Koratty (Thrissur district) and Cherthala (Alappuzha district). A significant portion of its land is designated as an IT/ITES-specific Special Economic Zone (SEZ) by the Ministry of Commerce and Industry. Today, Infopark hosts over 582 companies across its campuses, providing employment to more than 70,000 IT professionals.
