India GCC Landscape Report – The 5 Year Journey

Kochi recognized as emerging GCC hub, says report

Kochi has been highlighted as an emerging key player among Tier-2 cities in India's Global Capability Centres (GCC) landscape, according to the latest NASSCOM-Zinnov report titled "The India GCC Landscape – The 5 Year Journey." The report attributes Kochi's rising prominence to a combination of strategic advantages, including cost efficiency, a growing and skilled talent pool, and its well-connected geographic location. These factors are increasingly attracting global companies to set up their capability centers in the city.
